Focusrite scarlett solo studio 3rd gen complete recording package

What are you looking for? See full spec Shop Now You've found the simplest way to create incredible recordings of your music. Featuring the smallest USB audio interface we make, mic, headphones and all the cables you need to get started, Scarlett Solo Studio is ready to record every song you'll ever write. Our simplest Scarlett USB interface, featuring the best performing Scarlett mic preamp the range has ever heard - now with Air CM25 MkIII condenser microphone, for making detailed studio-quality recordings HP60 MkIII professional closed-back headphones, for clear and comfortable audio playback, mixing and monitoring XLR and USB cables in the box, no power supply needed. Unpack, plug in, record Scarlett Solo Studio helps thousands of musicians and songwriters share their music with the world every day. Featuring a natural sounding 3rd Gen mic preamp, and Air, emulating our original ISA preamps. With your songs and Scarlett Solo Studio Pack, you have everything you need to record in studio quality. Easy Start gets you set up and recording within minutes. Your CM25 MkIII mic captures every detail. Your HP60 MkIII headphones mean clear and comfortable mixing and monitoring. A 3rd Gen mic preamp, high-headroom instrument input and now-iconic Gain Halos mean the science of sounding great is sorted. We've worried about the tech, you can focus on the music. We've been making mic preamps for 30 years, and the 3rd Gen mic pre is the best Scarlett has ever heard. The 24-bit/192kHz converters give your recordings clarity and detail. Air mode breathes life into vocals, adding unique high-end detail. Our decades of experience mean Scarlett sounds just like you. Incredibly reliable, Focusrite hardware won't let you down. If, however, you come across a problem you can rely on our global support team and your three-year warranty to get it sorted. Sound. Scarlett Solo is officially supported in use with USB-C iPad Pros. Setup and operation is simple: just plug in, fire up your favourite music-making app, and enjoy the Focusrite sound wherever you go. Scarlett Solo has been tested extensively with Garageband, Cubasis 2, Auria Pro, Amplify Launchpad, Amplify Groovebox and Amplify Blocs Wave, as well as FL Studio. Now you can record anywhere, really. Create studio quality vocals, powerful guitars, luscious keys and huge drums, then mix and master with iconic Focusrite studio hardware - all in the box. Every new Scarlett 3rd Gen, Clarett and Red interface comes with an unbeatable range of tried-and-tested studio tools from some of the biggest names in the business. Hitmaker Expansion - available with every Scarlett 3rd Gen, Clarett+, Clarett USB and Red interface purchased and registered on or after October 1st 2021 - is built to get you creating records immediately.
